

The adaptable surface for every pan

The MaxiSense® induction hob has self-sizing cooking zones. That means each zone detects the sizes and shapes of the pans you're using, however large or small, and sends immediate heat to fit their bases exactly. So you have complete control, and the hob responds just the way you need it to.

Product Benefits & Features

The hands-free hood

The Hob2Hood function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

The adaptable surface for every pan

The MaxiSense® induction hob has self-sizing cooking zones. That means each zone detects the sizes and shapes of the pans you're using, however large or small, and sends immediate heat to fit their bases exactly. So you have complete control, and the hob responds just the way you need it to.

Direct Access. Instant and effortless.

Enjoy effortless heat adjustments with Direct Access. Instead of tapping several times to increase the heat, you can now tap the number directly for the right amount of heat. Instantly.

The cooler surface for a safer kitchen

Our intelligent induction technology heats pans and the food in them, but nothing else. The surface round the pans stays cool. So if you accidentally touch the hob near the pans while you're cooking, your fingers are safe.

Quicker heat for extra speed

No more waiting around for pots to boil. The PowerBoost button gives you an instant burst of heat that boils water in under 90 seconds* – that's even faster than an electric kettle. It's perfect for tasks like boiling potatoes, and other quick cooking jobs too, like searing meat.

- Hob type: Induction
- Direct Control: sliding touch control technology
- Controls position: Front Middle
- Illuminated controls
- Digital indications for each zone
- Induction zones with power booster function
- Pot detection
- Left front zone: Induction, 2300/3200W/210mm
- Left rear zone: Induction, 2300/3200W/210mm
- Middle front zone: No, 0W/0mm
- Middle rear zone: No, 0W/0mm
- Right front zone: Induction, 2300/3200W/210mm
- Right rear zone: Induction, 2300/3200W/210mm
- Automatic fast heating up
- Key-lock function
- Child safety lock function
- Automatic safety switch off
- Acoustic signal with switch off option
- Count up timer
- Eco Timer
- Timer function
- OptiHeat Control
- Easy installation thanks to snap-in system
- OptiFix™: extremely fast installation concept
- Main colour: Black
- New XL frame concept OptiFit Frame™

Product Specification

Product Installation	Built_In	Built in height mm	46
Product Typology	Electric_Hob	Width cutting	750
Product Classification	Statement	Depth cutting	490
Installation	Independent	Radius cutting	5
Size	80	Fastening	Snap in System
Hob type	Induction Full	Gas original	No
Design family	AEG Vision	Gas replacement 2	No
Main colour	Black	Gas replacement 3	No
Control Panel material	No	Gas category	No
Frame type	Promise XL	Frequency	50-60
Frame material	Stainless Steel	Voltage	220-240/400V2N
Knobs colour	No		
Top Control Place	Front Middle		
Type of controls	Kite 14 steps		
Control function	3 step residual heat, Acoustic signal, Automatic heating-up, Booster, Child-lock, Count up timer, Eco timer, Hob-hood connection, Key-lock function, Minute minder, Pause, Sound off, Timer		
Other comments design	windmill
