

Versatility for every purpose

Preparing many dishes at the same time or cooking for a dinner party? This hob is made for those occasions when you need more options, with equally tasty results. It's FlexiBridge feature means you can customize your own cooking area, combining up to 4 segments with a consistent and even heat distribution. It's ideal for large

Product Benefits & Features

Smoother, speedier heat shifts

From boiling to simmering to keeping warm: when you need repeated quick heat changes to create a dish, use PowerSlide. Simply slide your pan from heat to heat, without stopping to adjust temperatures up and down as you're cooking. PowerSlide lets you fix different pre-set heats on part of your hob: choose your own, or use the

Direct Access. Instant and effortless.

Enjoy effortless heat adjustments with Direct Access. Instead of tapping several times to increase the heat, you can now tap the number directly for the right amount of heat. Instantly.

The hands-free hood

The Hob2Hood function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

- Hob type: Induction
- Hob with bevelled frame
- Direct Control: sliding touch control technology
- Controls position: Front Right
- Illuminated controls
- Digital indications for each zone
- Induction zones with power booster function
- Pot detection
- Left front zone: Induction, 2300/3200W/220mm
- Left rear zone: Induction, 2300/3200W/220mm
- Middle front zone: No, 0W/0mm
- Middle rear zone: Induction, 2300/3200W/210mm
- Right front zone: Induction, 1800/2800W/180mm
- Right rear zone: No, 0W/0mm
- Automatic fast heating up
- Key-lock function
- Child safety lock function
- Automatic safety switch off
- Acoustic signal with switch off option
- Count up timer
- Eco Timer
- Timer function
- OptiHeat Control
- Easy installation thanks to snap-in system
- Main colour: Black
- Slide Controls

The adaptable surface for every pan

The MaxiSense® induction hob has self-sizing cooking zones. That means each zone detects the sizes and shapes of the pans you're using, however large or small, and sends immediate heat to fit their bases exactly. So you have complete control, and the hob responds just the way you need it to.

Clean as you cook

Because the surface around the pans stays cool as you cook, you can get rid of spills as you go along. Nothing gets burnt on, and there's nowhere for dirt to hide. So it's easy to keep the hob area looking pristine – even while you're still cooking.
