

Introducing the daily favourite defender

Excellent performance in under an hour with the ÖKOPower programme. Optimized for your daily favourites, it thoroughly cleans a mixed load in only 59min. Efficient cleaning at lower temperatures is enabled by our unique pre-mixing technology. For outstanding care with less energy consumption.

Product Benefits & Features

Thorough care quicker. With the ÖKOPower programme

ÖKOPower is the daily washing programme that gives you everything you need. Wash clothes in only 59min with great results and less energy consumption. It's the ideal programme for daily use with no compromise on performance or sustainability. It's thorough care quicker.

- Maximum spin speed: 1400 rpm
- Extremely low consumption values: 0.53 kWh, 56 l for program cotton 60°C with 9 kg load
- Advanced Washing Technology for quickly wetting the entire load
- Jet system washing technology
- Washing capacity: 9 kg
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Eco 40-60, Cottons, Synthetics, Delicates, Wool\Silk, Steam, ÖKOPower, 20min 3Kg, Outdoor, Duvet, Anti Allergy
- Extra rinse option
- Time saving options
- Out of balance control of the drum load
- Fuzzy Logic technology, adapting to the load
- Delay start option
- Anti-foam rinse system
- Number of detergent dispenser compartments: 4
- Child lock
- Feet: 4 adj feet
- Anti-flood protection
- Antiflood device with Aqua Control sensor
- ÖKOInverter motor: The lowest energy consumption with the highest efficiency and durability.

Fibre protection with the ÖKOMix technology

With ÖKOMix, every trace of detergent and softener is mixed with water, dissolving and activating completely before it even enters the drum. It's the first washing machine technology to distribute detergents and softeners completely evenly - making sure they reach, clean and care for every fibre.

CARING FOR CLOTHES. SAVING WATER AND ENERGY

ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

LESS IRONING. CLOTHES REFRESHED

These AEG washing machines use steam as a quick and easy way to refresh creased clothes so they're ready to wear. The short, gentle steam programmes safely remove odours and reduce creases in dry fabrics. Or you can finish your wash cycle with a gentle steam so clothes need little to no ironing.

ÖKOINVERTER, THE LOWEST ENERGY CONSUMPTION

The energy-efficient ÖKOInverter motor offers you the highest efficiency and durability and ensures superior performance, whatever programme you select.

Product Specification

Product Installation	Free_Standing	Program list	Eco 40-60, Cottons, Synthetics, Delicates, Wool/Silk, Steam, OKOPower, 20min 3Kg, Outdoor, Duvet, Anti Allergy
