

### INTRODUCING YOUR CLASSICS DEFENDER.

The new Kombi washer dryer with ÖKOMix Technology pre-mixes detergents and softener separately in water before they enter the drum. Meaning they are activated before they reach fabrics, preparing clothes for the most thorough clean and even dry. Every fibre reached and completely protected.

## Product Benefits & Features

### LONG-LASTING PROTECTION FOR WASHING AND DRYING

The patented ÖKOMix Technology guarantees the most even washing and drying process in one go. Unlike other machines, ours pre-mixes detergents and softener to their most effective blends separately in water before they enter the drum. Meaning both are fully dissolved and activated when they reach the load. Making distribution

- Freestanding washer-dryer combination
- Washing capacity: 10 kg
- Max. spin speed: 1600 rpm
- Condense dryer: the moisture is condensed into a water container, no air evacuation needed
- Drying capacity: 6 kg
- Delay start option
- Wool program that allows 'wool' labelled items to be washed by machine
- Automatic drying
- Drying by time
- Anti-foam rinse system
- Programs: Cotton, Cotton Economy, Synthetics, Delicate, Wool Plus, New Outdoor, OKOPOWER (5kg/4h), Steam Refresh, Rinse (Rpm Dep), Spin / Drain
- Out of balance control of the drum load
- Child lock
- Anti-flood protection
- Feet: 4 adj feet

### DUAL TECHNOLOGY FOR SENSITIVE CARE

Dualsense technology offers different programmes to different types of fabrics. Lower heat and controlled movement mean that everything from delicates to outdoor wear can be carefully and washed in one go. Both washing and drying cycles are certified by Woolmark Blue to safely clean even hand-wash

### ADJUSTED CYCLES FOR ABSOLUTE CONVENIENCE

ProSense Technology® automatically adjusts washing and drying times to the size of the load. Enabling convenient and economical cycles – saving on time, energy and water – whether the load is small or big.

### EXCELLENT RESULTS USING LESS TIME AND ENERGY

Our ÖKOPOWER NonStop 4h/5kg programme offers the most efficient washing and drying cycles in the shortest time possible. Designed to wash and dry 5kg in four hours, it represents the most economical performance available on the market today, saving both time and energy.

### SMOOTHEN WITH STEAM FOR LESS IRONING

The steam programme from relaxes the fibres in your clothes to reduce wrinkles and avoid ironing. Ensuring they look and feel better for longer. The option to quickly refresh clothes without putting them through comprehensive cycles also means they stand the test of time with less exposure to temperature and motion.

### Product Specification

Product Installation	Free_Standing	Program list	Cotton, Cotton Economy, Synthetics, Delicate, Wool Plus, New Outdoor, OKOPOWER (5kg/4h), Steam Refresh, Rinse (Rpm Dep), Spin / Drain
Product Typology	Front_Loaded_Full_Size	Indicator programme	LCD
Product Classification	Statement	Indicators display	Big LED
Installation	FS	Indicators other	Wash, Dry, Start/Pause
Rinse system	Anti-foam system	Display type	Big LED
Washing technology	Oko Mix	Height total	850
Drying technology	Water condense	Width mm	600
Cabinet type of	HEC 60	Depth mm	605
Design family	P one	Connected load (W)	2200
Design level	C Level	Required fuse (A)	13
Main colour	White	Cord length external	1.8
Panel colour	Stainless steel with antifingerprint		
Insert panel colour	Stainless steel with antifingerprint		
Front door	P1S + Turbine		
Type of timer min.	EWX14		
Push button functions	On/off, Anticrease, Quick, Start/pause, Temperature selection, Spin selection, Stains/Prewash, Delay start, Mode, Autodry, Drying time		
Push button functions number of	11		
Knob/Command functionality	Program		
Knob/Command functionality number of	1
