

## T65170AV Front loaded TD

### A quieter, almost silent way to dry your clothes

With this tumble dryer, you can dry your clothes almost silently, thanks to the Silent System. The drying cycle has been specially engineered to eliminate noise.

### Dry any size of load using a perfectly proportionate amount of energy

This dryer adapts the cycle length to suit the exact size and dampness of each and every load, so you achieve perfect drying results for the minimum amount of energy.

### Take control of your time, with the delay start function

The delay start function enables you to pre-program when each cycle should start – so you can take better control over the time available to you.

### More Benefits :

- Refresh program for worn-once, stored and naturally dried items
- Automatic, reversing action for even results and fewer creases
