

MEET THE EVERYDAY QUALITY PRESERVER

Clothes that are exposed to too much heat and motion simply will not last. Our ProSense® Technology tumble dryers fine-tune cycles to ensure that they take the minimum time necessary with no over-drying. So your everyday pieces are dried efficiently, monitored constantly and cared for, cycle after cycle.

Product Benefits & Features

SAVING YOU TIME AND ENERGY EVERY DAY

Our dryers feature ProSense technology, which uses advanced humidity and temperature sensors to adjust the drying time and energy consumption for every size of load - whether it's a day's or a week's worth of washing. This saves time and energy, while gently protecting the clothes that you love and wear every day.

- Condenser dryer: the moisture is condensed into a water container, no outside ventilation required
- Panel with text in English
- Sensor dryer: the dryer senses when the clothes are dried to the level specified
- Additional time controlled drying programs
- Cotton programs: Cupboard dry plus, Extra dry, Iron dry
- Synthetics programs: Cupboard dry, Extra dry, Iron dry
- Special drying programs: Bedlinen, Cotton Eco, Cottons, Delicates, Duvet, Easy Iron, Jeans, Mix, Sport, Synthetics
- Delicate option
- Energy consumption (program cotton cupboard dry): only 4.1 (4.81) kWh after spin speed drying at 1400 (1000) rpm
- Reverse tumble action loosens the clothes and prevents tangling and creasing
- Display type: Medium LCD
- Delay start option
- Drying status indication for: Anti-crease/end, Cool down, Drying
- Indications for: Condenser, Filter, Tank
- Condense tank position and capacity: Panel left, 5.28 l
- Inverter motor technology
- Feet: 4 adjustable feet
- Full load capacity: 8.0 kg
- Door hinge: Left reversible by user

BUILT-IN PROTECTION FOR YOUR CLOTHES

All AEG dryers have our ProTex gentle drum, specially designed to take care of your clothes. With this patterned drum, your clothes benefit from the most efficient airflow and have room to stretch out for less tangling and creasing.

FULLY REVERSIBLE DOOR. FIND THE PERFECT POSITION

This tumble dryer comes with a fully reversible door. The option of placing the handle in four different positions means you'll have complete accessibility, however you choose to arrange your appliance with its washing machine counterpart.

CARING CREASE REDUCTION

Our dryers rotate in a way that protects your clothes. The special ProTex gentle drum has a reverse action so it can move in both directions, stopping garments twisting and tangling together. As a result, you clothes come out evenly dried and with fewer creases.

CHOOSE THE RIGHT TIME TO DRY

Delay Start gives you the freedom to do your tumble drying at the time you prefer. The Delay Start function allows you to automatically set the start time of your drying cycle.

Product Specification

Product Installation	Free_Standing	Width mm	596
Product Typology	Full_Size_Condense	Depth mm	626
