

Your clothes, cleaned and dried in one go

Our PerfectCare 700 built-in washer dryer is designed to run quietly, fit in seamlessly with other appliances and clean clothes in one dry-to-dry cycle. Its DualCare system detects the fabric type and weight, then adjusts the temperature and drum movement to provide the utmost care for every item.

Product Benefits & Features

The ideal cycle settings with DualCare

Our DualCare System automatically adjusts cycles to fabric types and load weights. So that clothes can be cared for at just the right temperatures with optimised drum movements. Washing then drying in one streamlined process. So that each item retains its look, feel and quality over time.

- Washing capacity: 8 kg

- Out of balance control of the drum load
- Child lock
- Anti-flood protection
- Feet: 4 adj feet

Customised cleaning with SensiCare

Our SensiCare System weighs each load and automatically adjusts the cycle, so that your clothes are cleaned for just the right amount of time. Preventing overwashing and ensuring items retain their look and feel for longer.

Fabrics, refreshed with SteamCare

Our SteamCare programme restores your clothing with steam, reducing wrinkles and minimising the need to iron. So that garments retain their shape and texture for longer. What's more, our FreshScent system combines fragrance with gentle steam to refresh fabrics between washes.

Clean clothes quickly with the Non-Stop 60-Minute Programme

Our Non-Stop 60-Minute Programme washes and dries small loads in just one hour for an extremely fast and efficient cycle. So you can have your clothes effortlessly cleaned and cared for when you want them.

Enjoy a peaceful home with our quiet washer dryer

Washer dryers from Electrolux are designed to perform quietly. This means that you can run a cycle while maintaining a calm and comfortable environment.
