

Your style, completely preserved

You can be assured that clothes will stay looking and feeling great with the DelicateCare System in our PerfectCare 800 tumble dryer. It adjusts to the right temperature for the garment while the motion of the drum is tailored to the specific fabric. Meaning items are cared for in just the right way, even those you would never

Product Benefits & Features
Customised cycles, tailored care

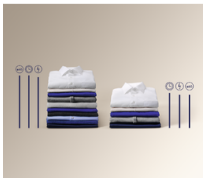

Our DelicateCare System adjusts temperature and motion to fabric for exactly the correct care. The quality of clothes preserved.

- Heat pump technology achieves unprecedented energy efficiency
- Sensor dryer: the dryer senses when the clothes are dried to the level specified
- Additional time controlled drying programs
- Special drying programs: Bedlinen XL, Cotton Eco, Cottons, Delicates, Denim, Duvet, Mixed XL, Outdoor, Refresh, Silk, Synthetics, Wool
- Woolmark certified Blue-Care drying programme
- Reverse tumble action loosens the clothes and prevents tangling and creasing
- Display type: Touch LCD
- Delay start option
- Drying status indication for: Anti-crease/end, Cool down, Cupboard dry, Drying, Extra dry, Iron dry
- Indications for: Condenser, Filter, Tank
- Condense tank position and capacity: Panel left, 5.28 l
- Inverter motor technology
- Feet: 4 adjustable feet
- Full load capacity: 8.0 kg
- Door hinge: Left reversible by user

Precision drying for every load

Our SmartSense System detects the humidity of each item in a load. This means that all clothes are evenly dried and protected from overheating for absolute drying precision.

Less heat, more care

Our GentleCare System dries clothes at nearly half the temperature of conventional tumble dryers so that they are never exposed to unnecessary heat.

Dry even more, evenly and conveniently

Our Bed Linen XL and Mixed XL programmes are able to efficiently dry even more without the need for multiple cycles. Saving time and energy. It's a convenient and customised solution for the everyday.

Less time, more care

Our SensiCare System adjusts the drying time to the moisture levels in each load. Saving time and energy without compromising on care.

Product Specification

Product Installation	Free_Standing	Height total	850
Product Typology	Full_Size_Condense_Heat_Pump	Width mm	596
Product Classification	Performance	Depth mm	638
Installation	FS	Drum volume	118
Drying technology	Heat pump	Full load capacity kg	8.0
Cabinet type of	BF Sahara 60	Cabinet material	Steel
Design family	Diamond	Drum material	Stainless steel Protex
Main colour	White	Tank position	Panel left
Panel colour	White	Tank capacity	5.28
Insert panel colour	None		
Front door	D White M		
Type of timer min.	EDR16		
Push button functions	Delay start, Dryness, End alert, Extra Silent, Extra anticrease, On/off, Reverse+, Start/pause, Time dry		
Push button functions number of	9		
Knob/Command functionality	Drying program		
Indicator programme	Touch LCD		
Indicators display	None		
Indicator drying status	Anti-crease/end, Cool down, Cupboard dry, Drying, Extra dry, Iron dry		
Indicators other	Condenser, Filter, Tank		
Display type	Touch LCD		
Other comments technical specifications	Standby II directive compliant from W26/2012
